### 23 U.S. Patented Mind Control Related Devices (1956 – 2003)

This page provides a table list of 23 key Mind Control Related Devices that have been issued patents from the U.S. Patent Office between 1956 and 2003. The links go to pdf's of the patents.

Many of these patents are Microwave Hearing based technology, used in electromagnetic mind control and [Organized Stalking of Individuals With Directed Energy Weapons](#). Also see [Targeting of Citizens with Microwave and Other Directed Energy Weapons](#).

If you are not familiar with Microwave Hearing, aka The Frey Effect, watch this 4 minute video, [Frey Microwave Hearing - Beam Voices Into Your Auditory Cortex](#).

This is not a list of all patented mind control technology and devices in the United States. This is only some of them. See also [Videos On Mind Control Weapons Technology](#).

We know that at least one group, National Security Agency Devil Worshipers known to be working long range takeover plans here spanning several generations, planned to develop and use many of these technologies to mind control the planet, including the U.S. population. Video about these Satanic infiltrators follows the Table of Mind Control Devices. See also [NSA Devil Worshipers Tagged Posts](#).

These Satanic mind control monsters are still inside of our government today, running the show behind the shield of the [National Security Act of 1947](#).

Other mad scientists, such as Dr. M.A. Persinger, inventor of The God Helmet ([video](#)) and authority on electromagnetic mind control via microwaves, have further developed electromagnetic mind control.
